

SECTION 310020 - BACKFILLING FOR PAVEMENT

PART 1 – GENERAL

1.1 SUMMARY

- A. This section consists of backfilling and compacting operation for construction or reconstruction of roadways, embankments, streets, parking lots and other paved surface areas.

PART 2 – PRODUCTS (Not Used)

PART 3 – EXECUTION

3.1 CONSTRUCTION

- A. Surfaces for trenches in gravel streets or alleys shall be restored to their original shape and the surfacing material shall be of equal quality and equal thickness to that of the original surface. Gravel surfacing material shall be approved by the Contracting Officer's Representative prior to placement. Care shall be taken to not contaminate existing gravel surfaces outside the trench area.
- B. Sub grade for trench resurfacing shall be restored to that existing prior to the excavation and shall be placed in a manner that will permit the restoration of the surface to condition equivalent to that in which it was prior to excavation.

END OF SECTION 310020
