To Whom It May Concern:

The Tax Equity and Fiscal Responsibility Act of 1986 requires that we request your Taxpayer Identification Number. This is the name and number you use when you file your income tax. Spaces have been provided at the bottom of this letter for your correct taxpayer identification number and name. Please check the space and fill in the correct information. If a corporation, we need your name and Federal ID number. If an individual, provide us with your proper name and social security number. If a partnership, give us your partnership name and EIN number. If a proprietorship, give us the name that corresponds to the number used on your tax return. If you have any questions, please feel free to call us.

Your prompt attention to this matter will prevent backup withholding on future payments. Regulations require that we may have to withhold 31% of all payments to you if we do not receive this information.

Thank you,
